

## **Maintenance Fitter & Turner**

### **Are you reliable, committed, on time and have positive work attitude?**

If **YES**, we want to hear from you! We are looking for a Maintenance Fitter and Turner to join our small but loyal and highly skilled team. Tallangatta Meat Processors has a long and proud history in the Australian Meat Industry, is family owned and operated for over 40 years.

The role of the Maintenance Fitter is responsible for performing the maintenance, modification, repair, servicing, and inspection requirements of our meat processing facility. The role is accountable to the Maintenance Manager and takes direction on day-to-day issues. Whilst this role is for a single trade Tradesperson, we are particularly interested in applicants that have a second skillset such as welding, plumbing, heavy equipment operating, building.

### **The role involves dealing with:**

- Pursue the continuous improvement of our plant equipment and systems
- Fault finding and troubleshooting of plant equipment repairs
- Apply a planned and preventative approach to maintenance
- Have a clear focus on quality and safety

### **What is in it for you:**

- Attractive Work-Life-Balance with convenient dayshifts
- Opportunity to develop and take on own projects
- Countryside living away from the hustle and bustle
- Employee discounts

### **The right applicants will meet the following requirements:**

- Previous experience in a similar role & environment is desired, however, we are willing to train the right candidates
- The ability to work unsupervised with goals
- Physically fit to perform required tasks
- Willing to undergo Q Fever Vaccination
- Covid-19 Vaccination requirement
- Able to pass Drug & Alcohol test

If you believe to be the right candidate, please send your resume under specification of your possible starting date by hitting the apply button or contact us for more information on (02) 6071 2240.
